

Got A Feeling

Blackjack Billy

I'm a bullfrog sitting on a log
Watching them flies like a bone to a dog
Hey yup, The sun done coming up
Bait, pole, and a coffee cup
It's alright if the fish don't bite
I can sit here all day all night come on

Ain't nothing no
Ain't nothing no
Ain't nothing gonna bring me down

Cause I I I I I I got a feeling
And it sure feels good
Yeah I I I I I I got a feeling
Don't it sure feel good
Yeah I got a feeling

I'm a stray cat waiting out back
Somebody tell me where the party's at
Hey now, the sun done going down
Time to wake up this sleepy town
It's shine time gimme that high
Pass me some of that apple pie come on

Ain't nothing no
Ain't nothing no
Ain't nothing gonna bring me down

Cause I I I I I I got a feeling
Don't it sure feel good
I I I I I I got a feeling
Yeah it sure feels good
I got a feeling

I got a feeling, I'm ready to roll
How bout a little back road dosie doe yeah, I'm good to go
I got a feeling, I wanna spread it around
Spread a little love, ride that buzz
Ain't nothing gonna bring me down, yeah, yeah

Tell me tell me are you, are you feeling it too?
It's gonna be a good night, yeah it's gonna be a good night

I I I I I I got a feeling
Don't it sure feel good
I I I I I I got a feeling
Yeah it sure feels good yeah yeah
I got a feeling
I got a feeling
Yeah I got a feeling
