## Blackjack Billy

Yeah

Early up, rise and shine  
Hurting in a [?] blind  
Shaking off a wild night  
And now it's looking like  
Later on all of us  
We supposed to be meeting up  
Girls are getting all prettied up  
Woo what's not to love

Another day I'm grinning  
Waking up winning, blue ribbon  
Yeah I've been feeling like I'm livin'

Hillbilly rich ain't never been better  
Got that good vibe, sunshine over-never weather  
Yeah the boot dun fit, I found my Cinderella  
Let me tell ya, I'm one hella blessed looking fella  
Just L-I-V-I-N, livin' the good life

Catch ya cooking Friday night,  
Crappy fry, come on by  
Bring your own drink or on mine  
Good times don't cost a dime  
Out back I got a spot  
Empty cans, empty lot  
Set 'em up and take your shot  
With what I got I'm livin'

Hillbilly rich ain't never been better  
Got that good vibe, sunshine over-never weather  
Yeah the boot dun fit, I found my Cinderella  
Let me tell ya, I'm one hella blessed looking fella  
Just L-I-V-I-N, livin' the good life  
L-I-V-I-N, livin' the good life  
Livin' good and it can't get much better

All I know is I'm grinning  
Waking up winning, blue ribbon  
Yeah I've been feeling like I'm livin'

Hillbilly rich (Oooh)  
No, it don't get no better than this (Oooh)  
Mmm sweet love let me tell ya I'm
