

Show Out

Blackjack Billy

The one I have to belong to
Kiss you anywhere I want to
Don't wanna have to wait, any time, any place
When I wanna lay it on you
Don't wanna keep it on the down low
I say we let the whole town know
If I'm the only one, baby I don't care
Let 'em all stare if they want to

Girl I can't get enough of ya
So when I love ya, I show out
Girl I can't hide, I can't hold back
I know you know that, I show out
I'm in no doubt, for long all out
That's the only way that I know how
So when I love, when I love ya
I show out

So go on and tell your mama
That I be lovin' up on ya
As long as I'm your man, baby I don't give a damn
Tell 'em bring on the drama
And don't cha worry 'bout what your friends say
They gon' talk 'bout us any old way
As long as I'm with you, if they want to
Baby, they can put us on the front page

Girl I can't get enough of ya
So when I love ya, I show out
Girl I can't hide, I can't hold back
I know you know that, I show out
I'm in no doubt, for long all out
That's the only way that I know how
So when I love, when I love ya
I show out

They said it wouldn't last, let it go, it'll pass
But I don't care about that, no
Let's do them all wrong, baby doll, screw them all
Now you know I can't shut my mouth
Gotta love you out loud

Girl, I can't get enough of ya
So when I love ya, I show out

Girl I can't get enough of ya
So when I love ya, I show out
Girl I can't hide, I can't hold back
I know you know that, I show out
I'm in no doubt, for long all out
That's the only way that I know how
So when I love, when I love ya
I show out
(I show out)
Show out
(I show out)
I'm in no doubt, for long all out

That's the only way I know how
I show out
