

Changed My Mind

Blacklite District

In nine miles, I'll be east to the 5
And there's nothing I can do
To stop the thoughts of you
So sure I should say, "Goodbye"
I threw you away without a reason

Hope is gone, dreamin' on
Time would tell if I was wrong
Move along, the tide is strong
And it's taking us so long
So far away
From life we've made
Cutting ties
Control the blade
I was blind
I changed my mind
I changed my mind

All those times
I pushed you aside
You stood by mine, through shit and lies
Love grew by miles
And smiles became denials
Excuses stacking piles
You stood through every trial

Hope is gone, dreamin' on
Time would tell if I was wrong
Move along, the tide is strong
And it's taking us so long
So far away
From life we've made
Cutting ties
Control the blade
I was blind
I changed my mind
I changed my mind

Out of sight
Out of mind
Is a lie
I hope it's not too late
I've been doin' some time in this prison of fate
As long as I'm alive
Find your heart to break
So take it back

Hope is gone, dreamin' on
Time would tell if I was wrong
Move along, the tide is strong
And it's taking us so long
So far away
From life we've made
Cutting ties
Control the blade
I was blind
I changed my mind

I changed my mind
