

Cold as Ice

Blacklite District

I'm cold as ice
I paid the price
I don't care

There's more of me
There's more of you
We're everywhere

I gotta be the one to kill this flame
I will go insane living life in the wrong lane

I'm cold as ice
I paid the price
I don't care

There's more of me
There's more of you
Nothing to lose
Cold as ice

There's a little hate in my heart
For the way that we start
To criticize the art
Though we shoot for the stars
So much more to see
So much more to believe
So much more than the simple mind you want me to be

It's like I chase the sun
Here I come, here I come
Better stay far away
Or I might come undone
So much more to see
So much more to believe
So much more than the simple mind you want me to be

I'm cold as ice
I paid the price
I don't care

There's more of me
There's more of you
We're everywhere

I gotta be the one to kill this flame
I will go insane living life in the wrong lane

I'm cold as ice
I paid the price
I don't care

There's more of me
There's more of you
Nothing to lose
Cold as ice

It's like I'm under attack

I react and I snap
I will protect the knife
You know the one in my back
So much more the bleed
It's like bitter defeat
It can feel like the world is nothing more than disease

I got a lot to lose
I got a lot to gain
I got the feeling in my head that I'm about to reign
So much more the bleed
It's like bitter defeat
It can feel like the world is nothing more than disease

I'm cold as ice
I paid the price
I don't care

There's more of me
There's more of you
We're everywhere

I gotta be the one to kill this flame
I will go insane living life in the wrong lane

I'm cold as ice
I paid the price
I don't care

There's more of me
There's more of you
Nothing to lose
Cold as ice

So much to take, so much to gain
No other way
The only drive that keeps all our sanity

So much to take, so much to gain
No other way
The only drive that keeps all our sanity

So much to take, so much to gain
No other way
The only drive that keeps all our sanity

I'm cold as ice
I paid the price
I don't care

There's more of me
There's more of you
We're everywhere

I gotta be the one to kill this flame
I will go insane living life in the wrong lane

I'm cold as ice
I paid the price
I don't care

There's more of me
There's more of you

Nothing to lose
Cold as ice
