

# Come and See Me

Blacklite District

I know I let you down but damn  
I know I let you down but damn  
I know I let you down but damn  
I know I, I know I, I know I

I know I let you down but damn baby come and see me  
We got a lot to talk about now you won't believe me  
It's do or die baby roll the dice keep me breathing  
But I can't hide from your suicide eye bleedin

I know I let you down but damn baby come and see me  
We got a lot to talk about now you won't believe me  
It's do or die baby roll the dice keep me breathing  
But I can't hide from your suicide eye bleedin

You went too many good times  
You fucked it all up with your vibe  
You can't even handle the truth and the truth is it you cannot handle my vibe  
You can't even put in the time  
You can't even roll on a dime  
You can't even tell me that you cannot help me but you cannot help me a ride

And I love the way that you make me feel  
I love the pain cause it feels so real  
I love the way that you hate me still  
Yeah yeah  
I love the way that you make me feel  
I love the pain cause it feels so real  
I love the way that you hate me still  
Yeah yeah

I know I let you down but damn  
I know I let you down but damn  
I know I let you down but damn  
I know I, I know I, I know I

I know I let you down but damn baby come and see me  
We got a lot to talk about now you won't believe me  
It's do or die baby roll the dice keep me breathing  
But I can't hide from your suicide eye bleedin

I know I let you down but damn baby come and see me  
We got a lot to talk about now you won't believe me  
It's do or die baby roll the dice keep me breathing  
But I can't hide from your suicide eye bleedin

I'm bleeding emotional trauma from 'round  
Where I'm from they say that a man has the crown  
I can't take the pressure, I'm messed up, so blessed up  
And tell 'em what I did, did, did, did  
I ain't got nowhere to go in my life  
'Less it is going to hold you at night  
Say I'm obsessive but say that I'm right  
Pray and I question it every night tho  
I gotta beat it I'm not talking Michael  
Why am I stuck in a similar cycle

Of dreams and devotion

And I guess I gotta grab a tissue  
Check the issue  
I ain't gotta ass to kiss  
So everybody wanna tell me how to stack the chicks  
And act official  
I ain't gonna plan for this  
Evangelist to pacifist  
I hold it down for the ones who's hurting  
But when you hurting me I gotta close the curtains  
Lonely's worth it  
If it means I'll get you  
I'm alone driving to you but I miss you  
Yeah

I know I let you down but damn  
I know I let you down but damn  
I know I let you down but damn  
I know I, I know I, I know I

I know I let you down but damn baby come and see me  
We got a lot to talk about now you won't believe me  
It's do or die baby roll the dice keep me breathing  
But I can't hide from your suicide eye bleedin

I know I let you down but damn baby come and see me  
We got a lot to talk about now you won't believe me  
It's do or die baby roll the dice keep me breathing  
But I can't hide from your suicide eye bleedin
