

## Comin Alive

Blacklite District

Ou may never know, you may never know  
You may never even know that it's comin'  
You can be on the phone, you could be all alone  
You could be all alone and never see it comin'

All the same apologies  
R.I.P. the casualties  
I feel the energy of everything in front of me  
I see the anarchy and they won't ever let me be  
It's like humanity is lookin' like they wanna die  
But count me out 'cause me, I'm only just comin' alive

Comin' alive, comin' alive, comin' alive  
Comin' alive, comin' alive, comin' alive  
Comin' alive, comin' alive, comin' alive  
Comin' alive, comin' alive, comin' alive

You may wanna know, you may already know  
You may already know that we should all be runnin'  
You don't wanna know, no you don't wanna know  
No you don't wanna know the person you're becomin'

All the same apologies  
R.I.P. the casualties  
I feel the energy of everything in front of me  
I see the anarchy and they won't ever let me be  
It's like humanity is lookin' like they wanna die  
But count me out 'cause me, I'm only just comin' alive

Comin' alive, comin' alive, comin' alive  
Comin' alive, comin' alive, comin' alive  
Comin' alive, comin' alive, comin' alive  
Comin' alive, comin' alive, comin' alive  
Comin' alive, comin' alive, comin' alive  
Comin' alive, comin' alive, comin' alive  
Comin' alive, comin' alive, comin' alive  
Comin' alive, comin' alive, comin' alive
