Damage Done

Blacklite District

Every night I'm alive
Like a gunshot
Time's up, what, what
Takin' a chance, no time to flashback, react
Last call, hang up
You're gonna get enough
Making a meal of the words
That you can't take back

Everyday, on the run
Out for number one
Gonna get hurt, kill myself late
Every night, I'm alive
But there's damage done
I'm a self-made, high, great energy

Everyday, on the run
Gonna get hurt, kill myself
Every night, I'm alive
But there's damage done
I'm a self-made, high, great energy

Get, get, get me baby
On the run
Out for number one

Every night, I'm alive
Everyday, on the run
Out for number one
Gonna get hurt, kill myself late
Every night, I'm alive
But there's damage done
I'm a self-made, high, great energy
Everyday, on the run
Out for number one
Gonna get hurt, kill myself late
Every night, I'm alive
But there's damage done
I'm a self-made, high, great energy
(High, great)
(Through the chains)
(Through the chains)
(Through the chains)
(Through the chains)
(High, great)
(Through the chains)
(Through the chains)
(Through the chains)
(Through the chains)
(Through the chains, through the chains, through the chains)
