

Over This

Blacklite District

I'm so over this
I cannot be fixed
Ignorance is bliss
Took the shot and missed

I cannot help you
I cannot help you
I wanna run too
I wanna run too

I cannot help you
I cannot help you
Yeah, I wanna run too
I wanna run too

I wish I could take it back
And make it not be true
I would ride straight through hell
To make it up to you

I'm so over this
I cannot be fixed
Ignorance is bliss
Took the shot and missed

I'm so over this
I cannot be fixed
Ignorance is bliss
Took the shot and missed

I cannot help you
I cannot help you
I wanna run too
I wanna run too

I cannot help you
I cannot help you
Yeah, I wanna run too
I wanna run too

I wish I could take it back
And make it not be true
I would ride straight through hell
To make it up to you

I'm so over this
I cannot be fixed
Ignorance is bliss
Took the shot and missed

I'm so over this
I cannot be fixed
Ignorance is bliss
Took the shot and missed
