

Thinking About You

Blacklite District

Never feels the same and I don't know why
Stuck in my head is a word you cry
Can't take it anymore so I just get high
Alone in my room let days pass by
I got things on my mind and you know it's love
I can hear what you say I don't give a fuck
I try really hard but it's never enough
Running back to me when shit gets tough

What you gonna say
What you gonna do
Where you gonna be
I've been thinking about you
What you gonna say
What you gonna do
Where you gonna be
I've been thinking about you
Girl, you know that I want to
I can go on without you
And you know I don't want to
I've been thinking about you
Always gonna be someone to be loud
Always gonna be something to work out
I've been thinking about you
Always gonna be someone to be loud
Always gonna be something to work out

Never feels the same and I don't know why
Stuck in my head is a word you cry
Can't take it anymore so I just get high
Alone in my room let days pass by
I got things on my mind and you know it's love
I can hear what you say I don't give a fuck
I try really hard but it's never enough
Running back to me when shit gets tough

What you gonna say
What you gonna do
Where you gonna be
I've been thinking about you
What you gonna say
What you gonna do
Where you gonna be
I've been thinking about you
Girl, you know that I want to
I can go on without you
And you know I don't want to
I've been thinking about you
Always gonna be someone to be loud
Always gonna be something to work out
I've been thinking about you
Always gonna be someone to be loud
Always gonna be something to work out

What you gonna say
What you gonna do
Where you gonna be

I 've been thinking about you
What you gonna say
What you gonna do
Where you gonna be
I 've been thinking about you
