

## Just Call My Name (I'll Be There)

Blackmore's Night

So many nights I sat here waiting  
There were times I couldn't go on  
Still my heart was anticipating  
It made me be strong  
Made me hold on...

There were some calling me crazy  
I've been accused of being naive  
But I don't need no one to save me  
Cause I got you, you make me believe

I'll Be There in the night when you need me  
Just call my name  
I'll be there close your eyes and you'll see me  
Just Call My Name

I don't need to know the answers  
I don't want to understand  
We were born to take the chances  
I know the truth when you hold my hand...

I had waited a lifetime lost on the open sea  
Praying for an angel to be sent to me

Now the night don't last forever  
Every moment is a song  
Cause we face the night together  
Something so right could never be wrong
