My mom told me every day
To always be careful of guys

Because love is like playing with fire
I'll get hurt

My mom might be right
Because when I see you, my heart gets hot
Because rather than fear
My attraction to you is bigger

I can't stop this trembling
On and on and on
I wanna throw my all
Into your world
Look at me look at me now
You are burning me up like this
I can't turn it off
Our love that's like playing with fire

My love is on fire
Now burn baby burn
Playing with fire
My love is on fire
So don't play with me boy
Playing with fire

Oh no, I've already come too far
Suddenly, none of this is a game anymore
Love is like red fire
Blow, wind, so the fire will grow
Is this medicine or poison? Not even my mom knows
A robber in my heart, why don't the police know?
Pour out your oil in my burning heart
Kiss him will I diss him
I don't know but I miss him
This is past addiction, this love is crack
The color of my heart is black

I can't stop this trembling
On and on and on
I wanna throw my all
Into your fiery path
Look at me look at me now
You are burning me up like this
I can't turn it off
Our love that's like playing with fire

My love is on fire
Now burn baby burn
Playing with fire
My love is on fire
So don't play with me boy
Playing with fire

I can't control it
This fire path is spreading too quickly
Don't stop me
So this love can burn up this night
