But ain't none little about this
Been living it big
Your crib could fit in my crib
Pretty as shh
Don't gotta say it no more
Look at my face and they know
They've seen it before
Oh, made it to vogue
Put the pop back in pop at the top
What we rock they all rock, had to stop
Have to shop, keep the swagger on five mil
We the only gang to run the game in high-heels

Why are you staring at me? Why?
Am I that pretty?
I know it already but
All that staring makes me blush
Whenever I go by their side
Boys look back
With all the attention that I feel on my back
What should I do

I'm so hot, I'm so pretty
I'm so fine, I'm so attractive
I'm so cool, I'm so gorgeous
I'm so so so hot hot

A little bit of black with a little bit of pink
But ain't none little about this
Been living it big
Your crib could fit in my crib
Pretty as shh
Don't gotta say it no more

I want to live a quiet life
Like other girls
My mom's to blame, she made me this way
My life is so tiresome

I'm so hot, I'm so pretty
I'm so fine, I'm so attractive
I'm so cool, I'm so gorgeous
I'm so so so hot hot

I'm so hot, I'm so pretty
I'm so fine, I'm so attractive
I'm so cool, I'm so gorgeous
