Why do I keep smiling like this? What's wrong with me?
You don't know why I do this either
It's ridiculous, I'm attracted to you
It's funny that I fell for your indifferent tone

Why did you show up?
What is it that I keep remembering?
If you like me
Just tell me, yeah, yeah

Just say yeah, yeah, yeah
Just say yeah, yeah, yeah

What is this again? I don't even know myself
I don't know, my ambiguous heart
You and I, our first meeting ridiculous
This is a script written by someone
It's a bit suspicious because it's a coincidence

Why did you show up?
What is it that I keep remembering?
If you like me
Just tell me, yeah, yeah

Just say yeah, yeah, yeah
Just say yeah, yeah, yeah

Actually, I'm a little scared
Will love hurt me once more?
Faced by the question proposed by destiny
Don't you say no-oh, oh, oh

Just say yeah, yeah, yeah
Say yeah, yeah, yeah
Say yeah, yeah, yeah

(Say yeah, yeah, yeah)
(Say yeah, yeah, yeah)
