Ooh boy there you are
This morning I woke up at the blink of an eye
Feels like I'm flying
Since the first time I ever looked at you

The more your abandoned voice is less far
The closer we'll be
Even when I hear your breath
I wonder if you're still dreaming?

Like you're a child hello
Hello, hello, hello
You wake me up hello
Hello, hello, hello

Hello, hello, hello
When you're kissing me
Hello, hello, hello
When you wake me up
Hello, hello, hello
Right now, this moment
Hello, hello, hello
Hello

Ooh boy every day
Next time, will you wake me up with your kiss?
Want you to say my name
Close to me, open your eyes and call me

The more your abandoned voice is less far
The closer we'll be
Even when I hear your breath
I wonder if you're still dreaming?

Like you're a child hello
Hello, hello, hello
You wake me up hello
Hello, hello, hello

Hello, hello, hello
When you're kissing me
Hello, hello, hello
When you wake me up
Hello, hello, hello
Right now, this moment
Hello, hello, hello
Hello

When you're right by my side, hello
You only look at me
In a dream, to my ears, you say hello
You only listen to me
