The nightmare
Again tonight
I hate myself for not falling asleep because of thoughts of you
Everyone criticized you, but I hoped you would change
So only I got hurt

At your sweet words, at your passionate hug
I knew it wasn't right but I fell for it that night
Accept it, I ain't looking back
Now you're like a joke to me

So just go
Why did I believe
In everything you said like a fool?
I know
It's time for you to go
So just go
Was I that easy
From the start?
I know
Goodbye's the new hello

Don't touch me
Don't hold onto me
Giving you my heart was such a waste
Everyone warned me
But I was deceived at your brash hypocrisy

You're so unbelievable, you give excuses at this point
Saying that girl was nothing
You make this
I ain't looking back
Now please get out of the way
(Tick tick tick)

So just go
Why did I believe
In everything you said like a fool?
I know
It's time for you to go
So just go
Was I that easy
From the start?
I know
Goodbye's the new hello

Pain, lies, loneliness, hurt
You gave me
Love sticks if seeing is believing
If it's true and baby I'm not dreaming
The love speaks
And soul

So just go
Why did I believe

In everything you said like a fool?
I know
It's time for you to go
So just go
Was I that easy
From the start?
