BLACKSWAN

Hey  
La-la-la-la  
I gave you one, two, chances, you want more?

How I'm looking now?  
Like a movie star chick  
Make 'em go woah-oh  
You see you ain't got the touch  
Only wishing on your luck  
Keep on pushin pushin  
You better kiss it night, night (Night)  
Gonna make you, make you beg (Uh)  
Gonna make you, make you fall in (Yup)  
Gonna make you, take it back (Yah, yah)  
Break it down you know I'm all in  
Come on now you, rookie  
Before I get pushy  
Coming in like magic, let that karma be

Gave you grace  
Gave you space  
Oh, but you messed it up, up  
You messed it up  
Played your games, poker face  
But you're running, yeah  
You're running out of luck  
Brr-ta-ta-ta

Ooh-wee, bad karma  
Gonna get you like, brr-ta-ta-ta  
Ooh-wee, bad karma  
You know, it's gonna get ya (Get ya good, good)  
Karma gonna come, come around  
Karma gonna come, come around (Round, round, round)  
Karma gonna come come around (Yeah, yeah)  
You know, it's gonna get ya  
Brr-ta-ta-ta

You can only blame yourself for your bad luck  
Revenge on the dinner plate better eat up  
Getting around playing it down  
But you know karma it will come around  
Yeah, boy you're running  
But it's coming for you right now  
Jealousy burns I move on him and on her  
I know you're missing me  
And wishing it was you, you, you, you  
Tables they turned and now you're going to learn  
The way it feels to be the one in the blue

Gave you grace  
Gave you space  
Oh, but you messed it up, up  
You messed it up  
Played your games, poker face  
But you're running, yeah  
You're running out of luck

Brr-ta-ta-ta

Ooh-wee, bad karma  
Gonna get you like, brr-ta-ta-ta  
Ooh-wee, bad karma  
You know, it's gonna get ya (Get ya good, good)  
Karma gonna come, come around  
Karma gonna come, come around (Round, round, round)  
Karma gonna come come around (Yeah, yeah)  
You know, it's gonna get ya  
Brr-ta-ta-ta

Get you like  
Ka-karma, ka-karma, ka-karma-ma  
Ka-karma, ka-karma, ka-karma-ma  
(Nah, nah, nah, nah, nah, nah)  
Karma gonna, gonna, gonna, gonna get you good  
(Nah, nah, nah, nah, nah, nah)  
Don't be tryna back track  
Boy, you'll get the pay back

Baby, it's your fault that we got here  
That you've gotten left with that bitter taste  
I don't really know if I've been clear  
All I know it's your time to pay hey, hey, hey  
To be honest you're the problem  
Save your sorry's 'cause boy, I don't want 'em  
Want to let it go  
But you know, I won't let it go  
I don't think so

Ooh-wee, bad karma  
Gonna get you like, brr-ta-ta-ta  
Ooh-wee, bad karma  
You know, it's gonna get ya (Get ya good, good)  
Karma gonna come, come around  
Karma gonna come, come around (Round, round, round)  
Karma gonna come come around (Yeah, yeah)  
You know, it's gonna get ya  
Brr-ta-ta-ta
