Ye, just run run run

Even if it just for fun  
Blasting with the gat  
Bet, I packed me sum  
That go ru-du-du-du-bum  
Shawty got a pump  
Yelling freeze at my enemies  
Leaving dunces stunned  
Clock it or you done, you gon' meet the front of the gun  
If you keep frontin', stuntin', you'll forget how function  
Losing conscious, feel nauseous, you be mumbling nonsense  
Cause o' me-e-e-e-e (fuck, shit, malfunction)  
Damn, guess I done lost it again  
I really came in with a plan  
And I thought it'd bang  
But here I am, here I stand  
Forgotten who I am and what I stand for  
Let it out on the dance floor, while hands go  
Up and down the air, man this bounce wild  
Had me willing to get to killing cause it sound right  
Damn right, had me slice n' dice it like a samurai  
Cause it when it get down I'ma be leaving in style
