

# BIG Dreams

blackwave.

(Whooh!)

Big dreams, big smiles, big time  
Oh I hope I'll never lose my mind  
Big dreams, big smiles, big time  
Oohh I hope I'll never lose my mind  
Big dreams, big smiles, big time  
Oh I hope I'll never ever lose my mind  
Big dreams, big smiles, big time  
Oh I hope I'll never lose my mind

Bring you straight to the back of my head  
Make you feel at home  
Oh lord, finna bout that time  
I come take that throne  
Take the pedal to the metal  
And grab that wheel  
Tell me how it feel  
Tell me what's your deal, that  
One shot one kill  
Man I gotta make sure  
You don't match the skill, bro  
Pump up the gas, hit the road and go...  
Cause I gotta go and hit it  
Before I hit the limit  
And I'm at it every second  
For a seven figure digit  
And slow it down  
So y'all can stick around  
And watch me rise  
To higher grounds

What's a man without dream?  
What's a man without a queen?  
Without a team behind the scene  
If his wish is live a dream?  
(Just another nigga chasin')

Big dreams, big smiles, big time  
Oh I hope I'll never lose my mind  
Big dreams, big smiles, big time  
Oohh I hope I'll never lose my mind  
Big dreams, big smiles, big time  
Oh I hope I'll never ever lose my mind  
Big dreams, big smiles, big time  
Oh I hope I'll never lose my mind

Don't let my soul go to waste  
On this road to fame  
I'm close today  
Tomorrow I might face the shade  
I'm in my own lane  
Blowing up like coltrane  
You change your goals  
From bank rolls to gold chains  
From dope rhymes to coke lines  
Double L like you don't know right

W's like we the left side (West side)  
The youth fuck with us  
We be reverse pedophilin  
Stylin, now you wanna dress like me  
Talk like me  
Now you wanna walk with me  
Meanwhile in  
City A shining  
Straight diamonds  
Suddenly you wanna fuck with me

What's a man without dream?  
What's a man without a queen?  
Without a team behind the scene  
If his wish is live a dream?  
(Just another nigga chasin')

Big dreams, big smiles, big time  
Oh I hope I'll never lose my mind  
Big dreams, big smiles, big time  
Oohh I hope I'll never lose my mind  
Big dreams, big smiles, big time  
Oh I hope I'll never ever lose my mind  
Big dreams, big smiles, big time  
Oh I hope I'll never lose my mind
