

## Figure

blackwave.

I wish I didn't feel it but it got me fucked up  
Can't do this no more it got me like fuck  
This music shit been out of bounds for too long  
It's time to get my life back going  
I just want all of my shit  
I just want all of my shit back  
Back the way it was  
Back the way it was  
Back the way it was  
Figure out what I'm doing  
Figure out why I'm losing  
Figure out  
Figure out  
Need to figure out  
They say I got it all  
But I'm running out of luck  
Been here for so long  
It just feels like we're all stuck  
This music shit been out of bounds for too long  
I think I need some time off  
I just want all of my shit  
I just want all of my shit back  
Back the way it was  
Back the way it was  
Back the way it was  
Figure out what I'm doing  
Figure out why I'm losing  
Figure out  
Figure out  
Need to figure out

Digging, diving contemplating on this island  
While afloat, on intellect, to fix the code I broke  
Please show me a little bit of hope  
Please, ho (p) e  
Cause I don't even know if I can make it back home  
Swimming to the rhythm of my shivering bones  
Ooooh  
When I'm with you there's nothing on my mind  
Guess that's nothing new, I'm wasting time  
Right  
So I'm moving go forward  
One way to go no control when it foreign  
Swerve on the face of the earth outta boredom  
Forgot what's important, I'm pouring the henny  
But better believe I ain't leave till I'm scoring  
The highest, till my touch like Midas'  
My craft the finest, moving in silence  
Said mamma I'm sorry I'm inking my body with memories and tales  
Erased the old, new me tipping the scales  
Oh well, it ain't hard to tell  
I need to  
Figure out what I'm doing  
Figure out why I'm losing  
Figure out  
Figure out  
Need to figure out
