

# Lowkey

blackwave.

Keep it lowkey, yeah we keep it lowkey, uhu  
Keep it lowkey, yeah we keep it lowkey, uhu  
Keep it lowkey, yeah we keep it lowkey, uhu  
Keep it lowkey, yeah we keep it lowkey, uhu

I get it you wanna do that extra shit  
Get your name out there be the next to hit  
5 million likes why live that life  
I need some rest get it off my chest  
Medicine pedaling through my veins I see clearer  
Heavily breathing I run like blood through my sclera  
I just want to shake it feel good like gorillaz  
I feel like my heartbeat is produced by j dilla  
I get it you wanna do that extra shit  
Get your name out there be the next to hit  
5 million likes why live that life  
I need some rest get it off my chest

I can see 'em frontin' out here  
Keep it lowkey, yeah we keep it lowkey, uhu  
Who are you pretending to be?  
Keep it lowkey, yeah we keep it lowkey, uhu  
I can see 'em frontin' out here  
Keep it lowkey, yeah we keep it lowkey, uhu  
Who are you pretending to be?  
Keep it lowkey, yeah we keep it lowkey, uhu

Don't wanna be the next to trip  
Don't wanna be the next to slip  
Want nu'n to fall apart, keep it together with a click uh  
Steady for a flick uh, meticulous and swift uh  
Everybody bumpin' when mine's bumpin' out the whip, uhu  
Cause it's the shit, fresh and slick, uhu  
Make 'em lose they grip cause it's too sick, uhu  
With 240 on the dash, curve my problems and my past  
Could never go to fast and I oop-, ha, crash  
But no problemo I'm the aftermath master  
Put it in rewind, repeat it and run it a little faster  
A disaster cast a spell on you and ghost you call me casper  
Still out here tryna figure what I'm after  
(What?!)

I can see 'em frontin' out here  
Keep it lowkey, yeah we keep it lowkey, uhu  
Who are you pretending to be?  
Keep it lowkey, yeah we keep it lowkey, uhu  
I can see 'em frontin' out here  
Keep it lowkey, yeah we keep it lowkey, uhu  
Who are you pretending to be?  
Keep it lowkey, yeah we keep it lowkey, uhu

Keep it lowkey, yeah we keep it lowkey uhu  
Keep it lowkey, yeah we keep it lowkey uhu
