They still locking' my niggas up for trafficking (Free my niggas)
I really need to see them in the trap again (Yeah)
Need to see them on the block again (Trust)
Need to see them whip that work and make it lock again
Money high but need that paper more than oxygen (Trust)
Rosie AP on me, hundred for the octagon

Look, I only spit it if it's real
All my niggas 100 bags and up, couple half a mil'
Whole games full of fakes, nigga, that's just how I feel
How a fake nigga gonna tell me how to keep it real? (How)
Trust, hella cake before the deal
My jugga's crashin' shit, no brakes on the field
All they do is mash works and put in hella drills
I'm tryna tell them "Chill", they just dyin' for a kill

Ten tonne, I made a brick from the tension

Gettin' bags from them boxes, my niggas really at it

These niggas talkin' these numbers but nah, I really doubt it
I train the workers from early, now I don't have to count it
