

# Don't Need To Be Said

Blade Brown

Look

I had niggas waiting on a trilogy  
I tell a ho "Have you ever met a triller G?"  
Surrounded by paper and artillery  
Don't compare me with these niggas man, you're killing me  
The listeners are getting lied to  
They told me "Warn the people", man I try to  
Composing compositions you can write to  
My brudda said he's gonna ride, I'm gonna ride too  
They gave my nigga IPP, that's an insane sentence  
K got life, my other nigga got the same sentence  
Yeah they got the same sentence  
All these niggas fake, don't mention me in the same sentence  
Feds putting markers on my motor  
Had a nigga switching up the rota  
They're breathing down their necks, they're getting closer  
And this ain't rap nigga, this a culture

What's already understood don't need to be said  
If a nigga disloyal, he don't need to be fed  
What's already understood don't need to be said  
If a nigga disloyal, he don't need to be fed  
What's already understood don't need to be said  
If a nigga disloyal, he don't need to be fed  
What's already understood don't need to be said  
If a nigga disloyal, he don't need to be fed

All my niggas are militant  
Foreign car, yeah I'm riding in that immigrant  
Line's still killing it  
I told the judge for the fifth time a nigga innocent  
Still getting paper on the corner  
Four pots bubbling, the trap's like a sauna  
I've been through the hardship and trauma  
Real shit, I never break bread with informers  
No logo on the top, they thought the tee was plain  
Spent four-hundred on it, you don't need to see the name  
All this paper fam, why would I be the same?  
And if you think I'm stopping you must be insane  
Yeah you've gotta be mental  
I was riding in that Jeep and they thought it was a rental  
Wait, they thought it was a rental  
It's nothing but straight cash, that paper is essential

What's already understood don't need to be said  
If a nigga disloyal, he don't need to be fed  
What's already understood don't need to be said  
If a nigga disloyal, he don't need to be fed  
What's already understood don't need to be said  
If a nigga disloyal, he don't need to be fed  
What's already understood don't need to be said  
If a nigga disloyal, he don't need to be fed
