

Drug Dealer

Blade Brown

I love you like a drug dealer
Mama you're my gold, make me wanna re-up
I love you like a drug dealer
Other niggas poke but they wanna pree us
I just hope it don't go up in smoke
Cause I don't wanna spend this money alone
I love you like a drug dealer
I love you like a drug dealer

She's something like narcotics
If time is money then I'm spending half on it
Her body shape makes my body shake
If I don't get my dough send me my body ayy
Yeah just listen to the chorus
Her body's like dope and baby girl the purest
Her head game's something like my Z game
Ten out of ten, all these other girls are dead caine
I'm addicted, do SA and be my last day
But I keep on coming back becuh she Class A
Something like the title of my last tape
Almost overdosing every time I see that ass shake
Yeah she looking like a kilo
No ego even though that she knows
She might turn a nigga crazy like Cee-Lo
Got a nigga calling for the reload

I love you like a drug dealer
Mama you're my gold, make me wanna re-up
I love you like a drug dealer
Other niggas poke but they wanna pree us
I just hope it don't go up in smoke
Cause I don't wanna spend this money alone
I love you like a drug dealer
I love you like a drug dealer

These other niggas dunno how to act with her
I see them going crazy, spending stacks with her
First time I met her I was in the trap with her
Even though I'm addicted she knows that I am that nigga
Now everybody wanna take a sample
These bitches try and copy but they can't do
Imma give them an example
Of how she's doing what she's doing
And what she's doing, man they can't do
I swear down she's got me in the zone
Even when a nigga all alone
She's got me flicking through the pictures on my phone
Screaming all these other bitches are just clones
And we've been doing this a long time
Even though I'm not committed she still consigns
Pure chemistry when we combine
That's why she's always on a don's mind

I love you like a drug dealer
Mama you're my gold, make me wanna re-up
I love you like a drug dealer
Other niggas poke but they wanna pree us

I just hope it don't go up in smoke
Cause I don't wanna spend this money alone
I love you like a drug dealer
I love you like a drug dealer
