Pennies make pounds and pounds make thousands  
Thousands buy bricks and bricks make houses  
Pennies make pounds and pounds make thousands  
Thousands buy bricks and bricks make houses  
Pennies make pounds and pounds make thousands  
Thousands buy bricks and bricks make houses  
Pennies make pounds and pounds make thousands  
Thousands buy bricks and bricks make houses

Ain't feeling me, you better speak up  
Just heard some news that fucked my week up  
They got my nigga in the pen again  
I'm airing niggas, not to say again  
I have so many misfortunes  
Drought time made a nigga miss fortunes  
Get it? You probably won't  
I heard they're getting money, they probably don't  
That's some shit I never talk about  
Why you think it's so easy for me to walk about?  
Snakes around me but I caught 'em out  
Snakes around me, had to sort 'em out  
These niggas ain't living what they're writing  
Look in their face, they look frightened  
Your girl's on my pics, she keeps liking  
Said that a nigga looks exciting

Pennies make pounds and pounds make thousands  
Thousands buy bricks and bricks make houses  
Pennies make pounds and pounds make thousands  
Thousands buy bricks and bricks make houses  
Pennies make pounds and pounds make thousands  
Thousands buy bricks and bricks make houses  
Pennies make pounds and pounds make thousands  
Thousands buy bricks and bricks make houses

If you shot with me you get no money back  
I can swap it over but not run it back  
If they taste it once they'll all come running back  
Locked up all my niggas, want my runners back  
But wait, they say I talk D-boy issues  
They said "Make another tape cah the D-boys miss you"  
And I don't really care what the price is  
I'm with some real niggas man, that's priceless  
Negotiating deals on my work phone  
I was always told to never bring that work home  
Don't talk about my music in my work zone  
Doubling the packs, I make that work clone  
The best things in life are free  
That's why I'm taking this pack and ain't paying a fee  
Yeah you ain't playing with me  
Imma make you niggas see, you ain't playing with G's

Pennies make pounds and pounds make thousands  
Thousands buy bricks and bricks make houses  
Pennies make pounds and pounds make thousands  
Thousands buy bricks and bricks make houses  
Pennies make pounds and pounds make thousands

Thousands buy bricks and bricks make houses  
Pennies make pounds and pounds make thousands  
Thousands buy bricks and bricks make houses
