

Started two more in the morning
Two more in my house
Two more when I walk
Yeah I'm turnt now
Two more when I doubt
Two more on the block
Two more in the club
Til' I pass out
Started two more in the morning
Two more in my house
Two more when I walk
Yeah I'm turnt now
Two more when I doubt
Two more on the block
Two more in the club
Til' I pass out

Rubies drip off my lip
Rubies on my wrist
Gotta make a wish I'm gonna cross you off my list
Out here in the mist you have to pay me for a pic
What you wanna drink I'm with the Drain Gang make a wish
Know you wanna link I don't know what you're gonna think
Never wanted this but I do, it's because I'm sick
Gotta get the money
Gotta go and get it quick
I'm in the spaceship its looking like a G6

[Verse 2: Thaiboy Digital]
We're running so fast
We're going too fast
This a competition and they wanna kiss my ass
Ask my bro why you out here round the world chasing bands
World chasing bands, he round the world chasing bands
With young Thaiboy on the track
Cos you know I go so ham
You know I go so ham
Yeah they know I go so ham
I got some homies from LA
All the way to Japan
Too much money in my hand
Buy a load out them bands

SG we got ice all over us
You freeze to death if you're getting touched
And we got some skeletons with us
Smoking out the windows when we're creepin' up
Thaiboy told me he don't give a fuck
Post up in the clubs and I get two more of the drugs
If you want me find me in the dust
Two door on the Lexus and I'm always on the run

Started two more in the morning
Two more in my house
Two more when I walk
Yeah I'm turnt now
Two more when I doubt

Two more on the block
Two more in the club
Til' I pass out
Started two more in the morning
Two more in my house
Two more when I walk
Yeah I'm turnt now
Two more when I doubt
Two more on the block
Two more in the club
Til' I pass out
