Anything

Bladee

Bad adrenaline, oh they just say anything
Just know they'd do anything, to be in the spot you're in
Back to bed again, skin on me I shed again
Being in the head I'm in, I would need a better friend

Tell me everything, I been through it, veteran
Bring it up to me again, just so I can feel again
Nothing better than when there's nothing happening
DG, it's a family thing, don't be an embarrassment (to me)

Oh, it's so lo, it's so lo, it's so lonely
Oh, it's so lo, it's so lo, it's so lonely
Oh, he's so low, he's so low, he's the lowest form
(What can I do with you?)
Oh, he's so low, he's so low, he's the lowest form
(What can I do with you?)
Bladee City, but it's Drain City
Paid 50 so my face pretty
Bladee City, but it's Drain City
Paid 50 so my face pretty
Bladee City, but it's Drain City
Paid 50 so my face pretty
Drain City, but it's Bladee City
Paid 50 so my face pretty

It's so cold, it's so cold, it's the coldest night
Please don't go, please don't go, Disney dance on ice

Bad adrenaline, oh they just say anything
Just know they'd do anything, to be in the spot you're in
Back to bed again, skin on me I shed again
Being in the head I'm in, I would need a better friend
