Tell me what you want, baby, I need you to tell me what you wan
t
I can get it for you, baby, if you tell me what you want
Go to the store for you, I can go and shopping, what you want?
I'll be funny, I'll be fine, I'll be flirty, I'll be shy
I come serve you, get you high, just some time, just passing by
Just a angel in the night, imagination going wild
I'm back at play, I'm like a child, play the game the PS Live
I'm the secret, what's inside? I'm the word you can't describe

Dreaming, dreaming, dreaming, dreaming
Dreaming, dreaming in a dream
I'm dreaming, dreaming, dreaming, dreaming
Dreaming, dreaming in a dream
I'm dreaming, I'm dreaming, I'm dreaming, I'm dreaming
I'm dreaming, I'm dreaming in a dream
I'm dreaming, I'm dreaming, I'm dreaming, I'm dreaming
I'm dreaming, I'm dreaming in a dream

Always talking to the night what does the night say?
It's been so cold it's getting old, let's bring the ice age
You win sometimes, you lose sometimes, it's part of life, ayy
How could I lose when I exist in something I made?

Tell me what you want, baby, I need you to tell me what you wan
