

## Birdbath

Bladée

It's just another day in the crazy world  
Never take a win if you don't take a failure  
Needles and pins in my skin, I'mma let it hurt  
Trash star, had to find how to make it worse  
Post up in a veil for my sin, ask forgiveness first  
And it hurts my soul when I have to put business first  
It hurts my soul

Rock-star lifestyle, make my kidneys hurt  
Night time, lifestyle, it's so linear  
And I'm living so fast, you can't keep up  
Drain Gang hotel, or the beach club  
You shouldn't go in, you can't go back  
When I let my faith out just to throw it back  
Drain Gang, weaklings, it will collapse  
Taking on weakness, that's the real trap  
And we on that lizard shit, yeah we'll grow back  
And we drinking Listerine with the birch sap  
And we ain't closed till the end, then it's purge time  
You can't swim, gotta fly in the birdbath

It's just another day in the crazy world  
Never take a win if you don't take a failure  
Needles and pins in my skin, I'mma let it hurt  
Trash star, had to find how to make it worse  
Post up in a veil for my sin, ask forgiveness first  
And it hurts my soul when I have to put business first  
It hurts my soul
