Life is a dream, but I'm never sleeping
Too clean, this the summertime season
With my legion
Chilling in my region
All the love in my heart, I can destroy the evil
People, good things will come if you waiting
Flawless at the surface like a painting
The cyborg boys got stacks in the storage
Loud pack, trips like a tourist
The forest, the tree-tops, 6 bags for tree shop, 6 bands on G-Shock
Dress up and meet us
Dress up and meet us
6 bands on G-Shock

Walked out the store, clean like a car wash
Walked out the store, clean like a car wash
Walked out the store, clean like a car wash
Die by the sword

Just acid and Diet Coke, I'm acidic
Got you in my phone book, get with me
Clean like the car that I'm in I know you know
Bape t-shirts and they cost 100 euro
