Been around, still around the finish line  
Background check them 'fore they come around  
Drain Gang tree house and you're not allowed  
Dead tree branches and they hanging down  
I smell the money, gotta hunt it down  
Still talking 'bout me, gotta cut it out  
They're moving sideways but it's going south  
You remind me of someone that I forgot about  
It's getting crazy in the haunted house  
I might pop out and sleep on the couch  
Used to have demons but we're homies now  
Used to be on some shit but it's over now

I'm on the phone and it's over out  
You've been tryna run into me on my coldest night  
I can't go if it's not feeling right  
And I'm in the dark tunnel but I see a light  
It's a hard day, I might get an upgrade  
I get the stop made even when I'm up late  
Been a long way, it really came a long way  
Might get a heartbreak swimming in the dark lake  
They call me Boss BladeeCity where the sword lays  
I've seen a late night turn into a morning  
I know you hate me but it's not important  
I know 'bout death 'cause it's waiting at my doorstep  
This is not fake so you can't afford it  
I can't have fans 'round 'cause they wanna record me  
I'm in your city, that's another story  
I fuck my real life up 'cause that shit bore me  
I'm in some Air Force, can't do Michael Jordan's  
I know you hate me, I'm working when you're snoring  
And I've been global so there's nothing foreign  
They know my name, I am buddies with the doorman
