Drama

Bladee

Guess it's Mecha on the beat
Drama, drama, baby

Drama, baby, drama, baby
Ooh, let you do what you do (With your attitude)
Drama, drama, drama, baby
Ooh, let you do what you do, what you do
All summer baby, ooh, all night, all night
Who could save me? Maybe you, yeah, you, yeah, you
Be like water, flow through, flow through into white
Drama, baby, drama, baby, ooh, let you do what you do
All summer baby, ooh, all night, all night

Drama baby, ooh, let you do what you do, what you do
Who could save me? Maybe you, yeah, you, yeah, you
When the bells of glory toll, come home, inside
Be like water, flow through, flow through into white

Drama, baby, ooh, let you do what you do, what you do, what you do
(Drama, drama, baby)
Who could save? Maybe you, yeah, you, yeah, you

Drama, baby, drama, baby
Ooh, let you do what you do (With your attitude)
Drama, drama, drama, baby
Ooh, let you do what you do, what you do
All summer baby, ooh, all night, all night
Who could save me? Maybe you, yeah, you, yeah, you
Be like water, flow through, flow through into white
Drama, baby, drama, baby, ooh, let you do what you do
All summer baby, ooh, all night

Guess it's Mecha on the beat
