

# I.E.E.

Bladée

Insect eat everything  
Third eye open, I can see everything  
Trash Star bleed everything  
Babe I'm crying with you, I can feel everything  
I don't need anything  
Toxic wipe your fleet, gotta breed everything  
Raven came, let it sing  
Lock on the safehouse, throw the keys in the bin

I wanna be like you. I wanna feel like you  
Baby, I won't bite you, I don't wanna fight you  
You're set on my sights, you?  
Never do nothing behind you  
Never do nothing behind you  
If you feel like I do  
If you feel like I do  
You want someone to cry to  
You're so cute, I can't hide you  
Even if I would like to  
Take your pain now it's mine too  
Take your pain now it's mine too  
Give me something I can smile to  
Give me something I can smile to

Insect eat everything  
Third eye open, I can see everything  
Trash Star bleed everything  
Babe I'm crying with you, I can feel everything  
I don't need anything  
Toxic wipe your fleet, gotta breed everything  
Raven came, let it sing  
Lock on the safehouse, throw the keys in the bin

I don't know where I'm going?  
Don't know when I'm gone?  
That's where I'll be this time  
I can't call you, can't call you, this time
