

Drain Gang

Life I lost interest  
Now I'm an insect  
Life I lost interest  
Now I'm an insect  
Flowers in winter

Life I lost interest  
Now I'm an insect  
Flowers in winter  
The smell of Windex  
Life I lost interest  
Now I'm an insect  
Flowers in winter  
The smell of Windex

The night I am, I got it quite bad  
I made your swag, like I'm your dad  
The light I have, I turn it all black  
I can't go back, like MJ, it's bad  
The drain it's mad, it feels like a stab  
I smoke the grams like it's nothing  
The ground I stand it turns into sand  
I fall again, I'm stuck in the jam

Life I lost interest  
Now I'm an insect  
Flowers in winter  
The smell of Windex  
Life I lost interest  
Now I'm an insect  
Flowers in winter  
The smell of Windex

The night I am, I got it quite bad  
I made your swag like I'm your dad  
The light I have, I turn it all black  
I can't go back, like MJ, it's bad  
The drain it's mad, it feels like a stab  
I smoke the grams like it's nothing  
The ground I stand it turns into sand  
I fall again, I'm stuck in the jam

And I'm still holding on  
But I can't wait forever  
Drain Gang

Life I lost interest  
Now I'm an insect  
Flowers in winter  
The smell of Windex
