

Drain Gang

Golden ticket, golden star
Black heart like Jafar
Night call, Ecco park
Rainfall from my charms
Trash star, beat the odds
Night crawl, for my job
Moon rock, it's from Mars
Silver teeth, like I'm JAWS

I can't even play, I need you, double F don't need no GG
Link up and it's wet like Fiji, whatever you want is easy
Who wanna link up with DG? Double F, don't need no GG
Night vision, you can't even see me, night vision, you can't even reach me
You play like US open
Cartier wrist like I'm from Ocean
My bro Cartier frozen
You play the game now, I'm coaching
I put the money in motion
Can't look back, I keep going
You play like US open
I put the money in motion

Golden ticket, golden star
Black heart like Jafar
Night call, Ecco park
Rainfall from my charms
Trash star, beat the odds
Night crawl, for my job
Moon rock, it's from Mars
Silver teeth, like I'm JAWS
