KING NOTHINGG

Bladee

(Wake up, F1LTHY)
Hah
Cold Visions in my eyes

Moving around monthly, I'm jet-lagged in every country
I've been searching, I've been looking 'round for something
But I'm coming up with nothing
Dirty boys they love it, on the track I'm trauma-dumping
I've been playing out a way that's so disgusting
I've been going back to cussing
Mentally in hell, I'm doing well, I've been adjusting
I've been enforcing the policy, no touching
Winter's coming, blood is rushing
Hail King Nothing, only king that kills for nothing, hail
Hail storm's coming, rare-form junkie (Yeah, yeah)
(Oh you think it's funny, do ya?)
Chainsaw star, so much hate you gotta love it
So much rot you gotta cut it, standing solid at the summit

Stop that talking like you know me (You gotta stop that)
We are not friends, just send the money (I'm not your friend, send th
at up)
We remain the same, it's funny, I'm the one, you know that, dummy (SG
, DG)
Mr. Paid, make a way, US dollars from God's Country (God bless the US
A)
Mr. Always Up To Something, hit the hole-in-
one for one thing (Hit the hole-in-one)
Felt so scummy, Drain Gang keep the faucet running
Purple money, Easter Bunny, I'm in Philly, Always Sunny (I'm in Phill
y like I'm F1LTHY)
Nose so runny, I'm Cold Visions-having, buddy
Under stress, don't panic on me, tryna have that Patek on me
I don't want brand deals, I want hospice patient pills
I want Halo kind of shields, I want you to know how I feel
We enforce God's will, on a mission to fulfill (On a mission to fulfi
ll)
Big red cross up on that hill, demons massacred and killed
We enforce God's will, on a mission to fulfill
It's so cold that I fell ill, paranoia, I can't chill

Moving around monthly (It's), I'm jet-
lagged in every country (Fuck the world)
I've been searching, I've been looking 'round for something
But I'm coming up with nothing
Dirty boys they love it, on the track I'm trauma-dumping
I've been playing out a way (It's) that's so disgusting
I've been going back to cussing
Mentally in hell, I'm doing well, I've been adjusting (Kill)
I've been enforcing the policy, no touching
Winter's coming, blood is rushing
Hail King Nothing, only king that kills for nothing, hail

Hail storm's coming, rare-form junkie (Yeah, yeah)
Chainsaw star, so much hate you gotta love it
So much rot you gotta cut it, standing solid at the summit
