

Let's Ride

Bladee

(Whatever)
Verified Shield

Jump in the front, let's ride
Interning at faith but I just got hired
360 with God and I can't get fired
Hot boy but I'm cold standing in the blue fire
Prada from the neck down, don't bother
Deep inside a dream I saw shapes of wet water
(And I felt some type of way)

Lusi on the track right, get your track right
We pull up on BMX bikes like the Fab 5
So I walked up in the mall right, did the swipe, swipe
Then I gave away my Moncler in the sacrifice
It's kinda funny 'cause you're so mad and IDGAF
I just wanna have fun
I'm switching styles up with the season
Need no reason to, I just do whatever I like
Too many times they tried to do me dirty
Make me feel like I'm not worthy of what I've got
You've gotta keep a very calm composure
Strong and sober, I'll do whatever I like

Three, three, three, three, three, three, three, three
Let me know what it's gonna be
Three, three, three, three, three, three, three, three
You better push up on me
For free, for free, for free, for free
I'll teach you how you gotta be
I should've never went to school
I should've been the one to teach
Made it from the kids league to the big finals
It's the nine fold path, noblest striver
If I win I'm gonna get out of the rebirth cycle
I'm gonna hit it out the park and then I'm gonna go higher

But sometimes I lost my focus
Love does it
And it's never just that easy
No I don't trust it
No but I know what I know
I know what I know (Yeah, I know)
I know what I know (Yeah, I know)
I know what I know (Uh-uh)
No, I know what I know

Jump in the front, let's ride
Interning with faith but I just got hired
360 with god and I can't get fired
Hot boy but I'm cold standing in the blue fire
Prada from the neck down don't bother
Deep inside a dream I saw shapes of wet water
And I felt some type of way
I know what I know
I know what I know
I know what I know

No, I know what I know
