

LOWS PARTLY

Bladee

Burn down the disco (I'm having cold visions)
Hang the fucking DJ
This version that you see, man, it's only partly me
Do you know what you are to me?
You are nothing unfortunately
I can hardly see, I find it hard to breathe (Hahaha)
Am I late to the party? (Darkness, DJ Bladee, turn on)
Drain Gang (Cold Visions)

(Whatever)

Burn down the disco (I'm having cold visions)
Hang the fucking DJ
This version that you see, man, it's only partly me
Do you know what you are to me?
You are nothing unfortunately
I can hardly see, I find it hard to breathe
Am I late to the party?
I am not finished, wait a minute
The strangest feeling, hard to pin it
I am a menace, start to finish
I'm leaving early, start the engine
It's good or bad, it's all depending
If you go out with a good ending
She's telling me, I got good energy
It might be true still I'm not friendly (Frozen)
They're telling me I'm a celebrity
I'm a civilian, let go of me (*Gunshots*)
It's a miracle, they allowing me
I always believed the ones that doubted me the most
That's the only voice that made it close
The highs, the lows, the lows, the lows, the lows
Heard the words but you're not feeling me
I feel bad for all our enemies
I'm in London, what you're telling me?
Im the best dressed for Halloween
I'm the OG, y'all just parody
All these SoundCloud rappers scared of me
I'm the hitman, I kill for free
Free me from this fever dream

I spent so many nights trying to get right
Trying to make it out, stuck in my fucking mind
I said so many rhymes, oh so many times
Ten years later I still don't know what it means

In a dark hole with no lights
Trying to make something that counts
Trying to make something I like, shit, a'ight
If everything you ever did, hit mid
How could you give a shit?
It says nothing to me about my life
Your songs say a lot of things, but nothing that means anything
A lil' story about me and what I like
Just have fun and just try anything
I killed myself so many times
