

## NORMAL

Bladee

Fueled by hate  
I'm normal  
In the club dressed formal  
Hugo Boss and Lacoste and Emporio Armani  
Emporio Armani

Emporio Armani (Emporio)

Don't get confused by this feeling that you're feeling when you  
see me  
Don't get scared when you're coming up to see me  
I am the law cause I'm always putting pennies on the treaty  
I am the man  
If it was then so shall be it  
Kill the evil  
And what I heard, it was worse than any word, I can't repeat it  
I'm on a quest and I've come to kill the evil  
We are the best in this field, put the flag up on the hill  
We finesse with a skill like you can't believe it's real  
With precision and skill we draw lines up on the seal  
Exorcism the will, on a mission to fulfill  
Fueled by hate  
It drives me to a place beyond reason where it's freezing  
And it's cruel, my fate  
It drives me to a place where I'm struggling for a meaning

I'm normal  
In the club dressed formal  
Hugo Boss and Lacoste and Emporio Armani (Drain Gang)
