

# ONE SECOND

Bladee

Yo, where you at?  
Yo bro, I'm at the spot, man, I had just woke up (Wake up, Filthy)  
[?] come pick me up, man  
Yeah, I'll be right there  
Sec-, one second, I'll be there in one second, alright?  
Say less

In my bag, one second  
In my bag, one second  
In my bag, one second  
In my bag, one second  
In my bag, one second  
In my bag, one second  
In my bag, one second  
In my bag, one second

One second get into my car  
Two seconds I pull up in the dark  
Three seconds I feel the rush  
Four seconds for it to start  
Five seconds I'm in my bag  
In my bag, we take off  
In my bag, in my-  
Make the call  
In the airport one second  
On the flight the next second  
Got a car, just wait a second  
Touch the bag, you're oversteppin'  
Dirty dreams  
It's fashion week, the front row seats, less than a week  
You can't record when in the door, we in the spot, so take a seat  
A second here, a second there  
I'm in my bag just everywhere  
It don't take much, I feel the rush  
Headphones on and leave me be

One second, only got one second  
Now I'm in my bag standing on the couch reckless  
One second of the year, no section  
Back of the club with the mean girls, steppin'  
One second, only got one second  
I'm not here to talk me and Bladee walk, they leave breathless  
I'm not here to talk me and Bladee walk, they leave breathless

It's raining hard, so hard I can't even see at all  
I'm fallen, I'm a lonely star  
I'm fallen, I'm my only doe  
New car, GT- GTB we laying down the law  
We're praying to a red cross, red cross  
I'm in my bag one second  
Then I'm back, one second  
Then I'm back in the darkness  
I'm in my bag one second  
Then I'm back, one second  
Then I'm back in the darkness

One second in my bag

One second in my bag  
One second in my bag  
One second in my bag  
One second
