OTHERSIDE

Bladee

(Cold Visions)
Half life away, twice surprised
Half a life, I'm sleep deprived
Nothing worse but sleep, no hurt
Dirty life, baptized in dirt
In my soul, a growing hole
Void that spreads out of control
Panic that became the norm
Out of fear, a child is born
Only calm once in the storm
Faith in stars I can't afford
Time pass by and brought me more
Yet, I'm weaker than before
Learn some more, and lost some more
Bet, I know that's done before

And I stay trying my—
And I hold my face to floor
Dance on the edge of the blade, to do a raid on the rave
We burn some sage just in case
Toxic waste in the face
We in V6s, no plates
We burnin' through the terrain
Fuck what it is, doesn't hit
I got so rich off the spin
I post a pic, now you're pissed
I put your friends on the list
I'll pay your rent for the year
Take care of you and your sis' (Ahhh)
I throw myself in a ditch
I'll hurt myself if you wish

Crawling in the sewer with a axe
Dark in the windows on the whip, let's ride
Alligator shoes, everything reptile
Only I can talk about the night, it's mine

Searching for destruction on the blue street lights
Hoodie on my head, sunglasses, dress shoes tied
Seen so many friends that strayed from the light
Baby, is it fun?
But, shit, still doing lines

It's bad
Even on a paradise island
I'm in hell in my mind
Even when I'm smiling
Just know that I'm fighting (Kill, kill)
I'm sick, yeah, I know
Just keep it on the low

Throw him in the field by my 'lone, 'lone
I pushed up on the car and hear, "Vroom, vroom"
I got racks in my pocket, by my phone
Play the game, know we flyer than a drone
I'm with the gang, throwin' up 4s
I'm with twin, locked in, that's my clone

Me and Bladee start the scene like some crows
Take him through the Swedish woods, they gon' know
Pop out with my gang through the trees like some creatures
KTS the scene [?] bleach [?]
Miracle screeches, bloody like some leeches
Crowed up, stop the scene, then we get to leavin'
Crowed up, stop the scene, then we get to geekin'

Hahaha
For real though
It get real delirious
