Bladee

Thaiboy, In a abandoned building
Cutting, counting up digits
Man I'm carving all the seasons
6 car, racing demon
Faster than the Lambo
Man I'm stacking all the LEGO
Thaiboy, SG with a medal
Baby I can be your hero

Look at my neck and my wrist and my shoes you're not on shit
Drain Gang CEO ever since
Ever since the check came in
Got the mist pills and zips creepin' 'round in Audis and shit
For a show it's like 26
GTBSG I'm still sick

Foreign clothes, you know what it is
Smoking dope, we don't smoke no sticks
Fuck your blunt, been on your lips
Call my girl if I want a kiss
Drain Gang CEO, never miss
I don't give a fuck what you think
Off the E's, I can't even blink
Put some painkillers in my drink

Thaiboy Digital
I'm a pretty boy
I'm a SG boy
I'm a GTBoy
Say she miss me all the time
Calling me at night
Bae I'm outchea workin, getting money, see you in a while
Slay these haters take their life
SG, do or die
I made it out alive
Or I might've just lost my mind
One club and you die
Gone to other side
Gone for a while
But you be back right in time
Thaiboy

Look at my neck and my wrist and my shoes you're not on shit
Drain Gang CEO ever since
Ever since the check came in
Came out the mist pills and zips creepin' around in Audis and shit
For a show it's like 26
