

## PARANOIA INTRO

Bladee

Cold (Visions)  
Cold Visions  
(Cold Visions, man, let's fucking go)  
(Cold Visions)  
(Wake up, FILTHY)

Not many brain cells left but I'm ready for- (Hahaha)  
I play this game like chess, just wait for it  
We in the Styx river (Cold Visions)  
Getting wet (Uh-uh)  
Lose every chance I get  
Kill every chance I get  
Dressed to impress, oh yeah  
Real in the flesh, oh yeah (My Cold Visions)  
Axe in the backpack, uh  
I got so old I got embarrassed to be even here, you know  
I'm losing feeling here you know  
Still, I'm the only hero

Paranoia  
The only thing that's left is paranoia  
I only care because you care, not at all  
It'll never be the same but I-  
Blood in my eyes  
Blood in my eyes  
High, high  
Paranoia

Paranoia, paranoia (Cold)  
Paranoia, paranoia (Blood in my eyes dripping slow)  
Paranoia, paranoia  
Paranoia (Blood in my eyes dripping)  
(Paranoia, paranoia, blood)  
(Paranoia, paranoia, blood)  
(Cold Visions)
