

Smile

How can I make money when I don't care about money?
How can I say something if I'm thinking about something else?
How can I change something if it just amounts to nothing?
How did I make something out of nothing at all?

How can I make money when I don't care about money?
How can I say something if I'm thinking about something else?
How can I change something if it just amounts to nothing?
How did I make something out of nothing at all?

Feels like the first time
Feels like the first time
I'm holding on to a thread, and now a blurred line
Watching the birds fly
Swallow my words, I'm gone
Show you my worst side

I care about it
I care about it
I saw you smile
I care about it
I catch the violence, my world is silence
I keep it silent
I keep the title
I creep in silence
I feel divided
I creep in silence
I feel divided
I saw you smile
I care about it
I care about it
I care about it
