

## SO COLD INTERLUDE

Bladee

It is hopeless

Hopeless  
I'm cold  
It's hopeless  
Laying awake in my bed at night  
I can't sleep  
I'm having Cold Visions  
I'm staring at the ceiling  
Laying awake in my bed at night  
I can't sleep  
I'm in a cold feeling  
I can't feel  
It's

Felt so, felt so, for the first time  
Felt, felt so, so cold for the first time  
I fell so, fell so hard I can't get up  
Fell so, fell so far I fell down  
My way home, my place where I felt fine  
I can't find, can't find, it's where I felt fine  
So cold, so cold in this damn mind  
It's so cold, so cold
