

Should've been a hit
Should've been a miss
Caught up in been a moment with no time
Could've made a wish
Beauty you're so thin
Golden is the wind
Wanna be in light
Walking in the bliss

Not a thought, not a fault
Not a wrong, nothing's off
Nothing's broken
In the night with the sun
In the night with the sun
In the night with the...
Not a thought, not a fault
Not a wrong, nothing's off
Nothing's broken
Do you believe in love?

N-n-not our fault (Beauty you're so thin, golden is the wind)
Not our wrong (Wanna be in light, walking in the bliss)
Not our fault (Should've been a hit, should've been a miss)
Nothing's wrong (Caught up in been a moment with no time, could've made a wish)
Do you believe in love?

N-n-not our fault
Not our wrong
Nothing's fault

Not a thought, not a fault
Not a wrong, nothing's off
Nothing's broken
In the night with the sun
In the night with the sun
In the night with the sun
Not a thought, not a fault
Not a wrong, nothing's off
Nothing's broken
Yeah, try that again
That's sick

Not a thought (Beauty you're so thin, golden is the wind)
N-n-not our fault (Wanna be in light, walking in the bliss)
Not our wrong (Should've been a hit, should've been a miss)
Nothing's off (Caught up in been a moment with no time, could've made a wish)
)
Not a thought

Do you believe in love?
Do you believe in love?
Do you believe in love?
