

## Swan Lake

Bladee

It's freezing on the swan lake, can't come home  
It comes to me so slow, I want to run  
It means so much to you, it's in me too  
I manifest your progress (Progress)  
It sticks to me so tight  
It's not my turn  
I go don't even know it, it  
The garden with the sunflower cycle  
My feet over the world's edge, end  
Bliss from heaven, arrows and rose petals  
The air's draining me  
So who can be the only one  
It's winter in the world I own, your one  
I'm swimming in the dark end, ah

The end  
Are you lonely?  
It's the last day, are you lonely?  
End of the night  
I run for the night  
It's winter in the world I own, your one  
I'm swimming in the dark end, ah
