Bladee

You're catching L's, you should catch some Z's
Think I should sleep, but I'm Bladee
With the double E's, geeking like a geek
2018, if I don't get seen I'mma drink some bleach
I got trees from Miami Beach
Trick or treat, drop it off on me, UberEats
Off the blueberries like it's Halloween
Like it's Halloween

I know I fell off but this the comeback
Been on top, but I don't shop at Topman
Ecco's suicide doors, drop the top, man
Rain is coming, pack it smells like onion
Gotta do a show but I'll be right back
She don't like that, but it's cool, man
Take it to the face, I need a ice pack
Hit the mall, me and Lean, we get it right back

You got keys in your nose
I got locks on my clothes
Louis locks on my throat
Rock n roll, got the rolls
Got the green, and the gold

Two face, that's my new face
Glue cost me 10 blue jays
Black Lexus, feel like Bruce Wayne
Heart broken, need that new pain
Run the track, like a flash, like I'm Usain
Spill the drain, that's a glue stain
Yeah, Sleep, that's my new name
Gotta sleep 'cause they're too fake

I know I fell off but this the comeback
Been on top, but I don't shop at Topman
Ecco's suicide doors, drop the top, man
Rain is coming, pack it smells like onion
Gotta do a show but I'll be right back
She don't like that, but it's cool, man
Take it to the face, I need a ice pack
Hit the mall, me and Lean, we get it right back
