

Under Your Spell

Bladee

Under your spell, out of my grip, that's the only way I live
Under your shoe, under my skin, only place I can exist
Under your spell, out of my grip, that's the only way I live
Under your shoe, under my skin, only place I can exist

Long as you're you, long as I'm him, we can not be anything
Long as I'm you, long as you're him, we can not do anything

I'm making wishes for Disney World tickets
Drain is for the children, the gift that keeps on giving
I'm off the zkittlez, let God be my witness
I'm counting through 50s, then 100s, let's get it
I cut the stitches, grow back like a lizard
Drain Gang prize out, Bladee is the winner
I live through winter, I blow like a whistle
Gone in the blizzard, yeah like a wizard
Gone for life, bring me back with a ritual
I cut my finger, the bleach in my drink, yeah

Under your spell, out of my grip, that's the only way I live
Under your shoe, under my skin, only place I can exist
Under your spell, out of my grip, that's the only way I live
Under your shoe, under my skin, only place I can exist
