

Undergone

Bladee

Ooo, welcome to the afterparty, everything, I'm sorry
Ooo, Ken doll, can you be my Barbie
Just tell me everything, even if it's jarring
Ooo, Trash Star, yeah, you know we on it
Blood will cover everything, only for a moment
Ooo, perfect, I feel like a woman
Assess my enemies, turns out it was nothing
Still, searching

This time, wasted (Perfect)
(You're perfect)
All this time, wasted (You're perfect)
(You're Perfect)
All This time, wasted
Wasted
All this time, wasted
